## BOILS AND CARBUNCLES ARE WORSE IN WINTER

If Your Blood Happens to Be in Bad Condition, S. S. S. Will Correct It Now.

The peculiar effect on the blood caused by the rapid changes of winter, the chilly blasts and dampness long continued, will undoubtedly have a disastrous effect upon your system if your blood happens to be in bad condition. You should not allow yourself to run the risk of suffering with boils and carbuncles, you should not willingly walk into the snare of pain and suffering of rheumatism or catarrh when you can put your blood in shape to prevent it by the simple method of taking S. S. S. for a short period during the fall.

Boils and carbuncles are evidence of disordered blood. They do not necessarily mean an inherited taint, but they tell you that your blood is poisoned—that the life-giving stream that should flow through your veins—pure, vigorous and healthy—has become upset, maybe by overeating and drinking, possibly by constipation, stomach trouble or uric acid. Whatever the cause, your blood has become poisoned and you are not going to know what it is to feel entirely well until the poison and impurities have been washed from your system. The blood, purified and in-

igorated, will once more perform its normal function of keeping the body full of health and vigor.

Every part of the body is dependent upon the blood for nourishment and strength, and when for any cause this vital stream becomes run down, it invites disease to enter. The liver and kidneys, failing to receive the proper nourishment from the blood, grow inactive and dull, and the waste and bodily impurities that should pass off through these channels of nature are left in the system to encourage some blood disorder. When the blood is in this weakened condition, it should be treated with a remedy that is not only thorough, but gentle in its action.

S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of impurities and enriches and strengthens it, but gently builds up the entire system by its fine tonic effect. S. S. S. reinvigorates every part of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries health and strength.

S. S. S. acts promptly and gives good results. It gives the blood power to drive out rheumatism, skin diseases and other blood disorders. Get it at your druggist's and take it now. Meanwhile, write us if you need advice. Our Chief Medical Adviser is ready to tell you what your best treatment is. Address: Medical Department, Drawer A, Swift Specific Co., Atlanta, Ga.—(Adv.)

## KAISER'S STATEMENT

A BASE, SHAMELESS LIE

GERMAN PRESS DEMANDS HIS TRIAL

William II. and Others Must Give Account Before Revolutionary Tribunal.

Berlin, Nov. 26.—(A. P.)—"We demand the immediate convening of a revolutionary tribunal for the purpose of passing sentence on the Hohenzollerns, father and son, and on Von Bethmann-Hollweg," says the Red Flag, the organ of Dr. Karl Liebknecht, in commenting on the disclosures made in Munich concerning the complexity of Germany in bringing about the war. "William II must be commanded to return and give an account before this tribunal. The Spartacus organ also demands a reckoning with the socialist leaders, Ebert, David, Molkenbuehr and others for participation in propaganda calculated to absolve Germany from responsibility for causing the war. "We have been told that Germany had no knowledge of Austria's ultimatum to Serbia. It was a lie," says the Yecwarts. "Berlin was said to have admonished Vienna to go slow. It was a lie. On the contrary, Berlin incited Vienna."

"In the course of his proclamation William II declared 'In the midst of peace we are attacked by the enemy'. A base, impudent, bottomless, shameless lie.

"And does this band of mass murderers, who in the progress of the revolution and through the generosity of the German people, managed to escape unhurt, really still believe it can once more establish its blood-stained, lie-decked rule?"

Committed High Treason.

The organ of the independent socialists, Die Freiheit, says: "The committed high treason. We cannot lay hands on William and his son, but it is to be hoped they will yet be brought to justice. Their fortunes, however, must be confiscated. Dr. Von Bethmann-Hollweg (former chancellor), Von Jagow and Zimmermann, former German foreign secretaries, who were their tools, must forthwith be arrested and brought into court."

The conservative Tagesschau Rundschau asserts that the disclosures not only are inopportune in view of the negotiations "for a revision of the armistice conditions" but primarily are intended to stimulate a revolutionary sentiment.

Count Liebknecht, in the Tageszeitung says that neither Bethmann-Hollweg nor his associates desired a world war and that they were not prepared for it. The count adds: "It is not to be denied, however, that their jumbling was responsible for complications which ultimately involved Germany."

## MADE VICTORY CERTAIN

London Plans Welcome to President Wilson.

(London Times-Philadelphia Ledger Copyrighted Cable.)

London, Nov. 26.—A Times editorial, published Monday, entitled "Welcome to President Wilson," says: "The provisional program of President Wilson's tour for New York from New York. Since we welcomed the prospect of his coming Saturday it looks as though his plans were taking definite shape, so let us again lay down earnestly we trust no question of political controversy at home will be allowed to delay him. The people of this country have no concern except as onlookers, with the domestic politics of America, but are absolutely wholehearted in their enthusiasm about the president's visit and will assuredly give him such a welcome as no foreigner has ever known before. The people want to greet him as the head of the great state whose timely intervention made victory certain—the state which mobilized two millions of men on European soil and devoted to the common cause its vast financial resources. They want to greet him also as the man who led us to a great nation into action; who was quick to realize the implication of declaring war, and whose detachment and idealism must make him just as potent a factor in the establishment of an enduring peace. Whatever delay he may encounter at home, there is complete and enthusiastic unanimity here."

## ALLIES LEAVE FOR KIEL

Confusion Reported in Submarine Base.

(London Times-Philadelphia Ledger Copyrighted Cable.)

London, Nov. 27.—An allied naval commission, which will superintend the disarmament of the German warships remaining at Kiel, will leave for that German port on Friday or Saturday, it was learned today.

Admiral Bohn, a representative of the Italian navy, has arrived here. No U-Boats to Leave Port.

London, Nov. 27.—There is much confusion in the German submarine bases. This was made evident today by a wireless dispatch to Harwich that no German submarines will be able to leave port immediately. Twenty-seven more were to have reached a rendezvous on Wednesday.

## URGE BELGIUM'S RIGHTS

Must Be Given Left Bank of the River Scheldt.

Brussels, Nov. 27.—(A. P.)—"Belgium must have the left bank of the Scheldt," and this demand should be made at the peace conference. It is agreed by all political parties in Belgium. The correspondent has talked with many diplomats, ministers and members of parliament and they all agree on Belgian occupation of the left bank of the river. Some extremists say that Belgium's natural frontier in the east is the left bank of the Rhine, while a more moderate group would be content with the cessation of Luxembourg.

The Scheldt river flows through Belgium on most of its course. North of Antwerp the Scheldt enters Holland. This situation is awkward for Belgium in that entrance to its principal port is controlled by another nation.

## GERMAN NAVY RUINED

German Lieutenant Says Empire Has Only Dishonored Record Left.

Firth of Forth, Scotland, Nov. 27.—Germany's navy has been ruined for all time, in the opinion of a German lieutenant on one of the warships surrendered to the allies. He said today:

"Now we have only a dishonorable record. No one will want to serve in a disgraced service."

Inspection of the German vessels is proceeding. They are in a deplorable state, having apparently been neglected for a long time. The German sailors present a miserable appearance, their clothes being dirty and nondescript.

On the Dordrecht there is perfect discipline, but on most of the other ships the men lounge about the decks smoking.

## PLENTY OF COAL

No Congestion on Southern Roads—McAdoo Pleased with Situation.

Atlanta, Nov. 27.—Railroads in the south are free from congestion, there is an ample coal supply on hand for their operation, and conditions are far better than last winter, regional railroad operating heads told William G. McAdoo, director-general of the railroad administration, at their conference in Atlanta.

Twelve officials, heads of as many different roads in this region, made reports of conditions and invited discussion of certain problems of traffic.

Mr. McAdoo expressed his satisfaction at the condition of the roads in the south and his appreciation of the cooperation of the officials and employees. It was brought out that the service is so ample that the winter tourist hotels in the south will reopen with the expectancy of a throng of guests. The officials believe they can handle the increased traffic brought on by demobilization without difficulty.

## NICE ENTERTAINS YANKS

Every Home to Have Soldier at Thanksgiving Table.

Paris, Nov. 27.—Every family in Nice will have an American soldier as guest for dinner Thanksgiving day. A religious ceremony at the American church at Nice has been arranged by Rev. Mr. Burgess.

## \$25,000 DAMAGE

Early Morning Fire Breaks Out in Southern Coal Sheds.

Fire broke out in the local Southern Coal sheds at 3 Tuesday morning, causing a damage of about \$25,000. The fire was thought to have originated in a coach which had been sent into the sheds for repairs early Monday afternoon, resulting either from a hot box or defective lighting system in the car. The principal damage was confined to the roofs of two coaches, which were in the building. Considerable damage was also done to the building. The origin of the fire will probably never be definitely known. There had been no one in the sheds after 4 the previous afternoon. The loss was fully covered by insurance.

## APPOINTED REGENT

Crown Prince Alexander Selected for Honor by National Council of Agram.

Basel, Nov. 26.—Crown Prince Alexander of Serbia has been appointed regent of the Jugo-Slav state by the national council at Agram, according to a Ljubljana dispatch. A state council, comprising all the members of the Agram council, fifty delegates from Serbia and five from Montenegro, has been summoned to meet at Sarajevo. This council will appoint a cabinet for the Jugo-Slav state.

It has been decided further that Prince Alexander will appoint governors at Belgrade, Serbia; Cetinje, Montenegro; Ljubljana, Slavonia; Sarajevo, Bosnia, and Herzegovina; Spalato, Dalmatia and Agram, Croatia. As soon as the situation is settled, elections will be held for a constituent assembly, which will sit at Sarajevo and definitely decide upon the form of state that will be set up and adopt the constitution.

## LIBERATED OFFICERS

Three Hundred Americans Arrive in Zurich From Villigen.

Berne, via Paris, Nov. 27.—Three hundred American officers, who had been liberated from German prison camps, arrived in Zurich yesterday from Villigen.

They were met by Red Cross Commissioner Dimmick, Secretary John Price, of Scranton, Pa., is visiting several hundred captured privates at Tuzlat, as well as captive officers at Karlsruhe, arranging for their transportation, clothing and food. Secretary Price found the prisoners cheerful.

The Americans held in north Germany were aided by the Swiss commission at Copenhagen.

Huyler's candy agency, Live & Let Live Drug Co., Seventh and Market.—(Adv.)

## SHEFFIELD SENDS SAMPLES

Sheffield, Ala., Nov. 27.—Samples of the first crop of nitrate manufactured at United States nitrate plant No. 2, the largest of its kind in the United States, have been turned over to the government.

It is expected that the plant will get into the production of fertilizer.

## OLD MEN AND WOMEN STAY YOUNG!

Daily Use of Bitro-Phosphate to Replenish Nerve Wastage. A Great Aid to Longevity and Youthful Tendencies.

Some people never seem to grow old. At the age when others are feeble, sick, incapacitated for work or pleasure, they seem to retain the freshness of early life so completely or nearly so that they are only the more charming in spite of advanced years.

There exists no real explanation for this freshness of age. Science furnishes no direct and positive answer to the question. It is a strong probability that when the truth is discovered it will be found that nerve weakness and exhaustion (frequently due to early strain and excesses) are the underlying causes. In other words, if the nerve forces had been kept normal, we would not see so many old people and old young people suffering from lack of energy, languidness, incapacity for work or pleasure, irritability, faulty memory, nervous debility, gloomy foreboding, lack of concentration, and the usual run-down condition of the system.

But if science is somewhat lacking in its knowledge of causes, there is no lack of knowledge as to what to apply as a remedy for them. The remedy is Bitro-Phosphate, a certain type of phosphate (known among druggists as Bitro-Phosphate) is naturally contained in the nerve cells of the human body there has been no reason why so many need suffer as they do now from depleted nerve force and the accompanying complications. It is only necessary to supply the bodies of young and old with sufficient quantity of nerve food to keep the cells young, the cheeks glowing with health, the hair firm and full and the muscles supple and active.

Dr. Frederick Kelle, Editor of New York Physicians' "Who's Who," says: "Bitro-Phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Bitro-Phosphate is not a patent medicine and should not be confused with such. It is not a mixture of a variety of ingredients of more or less doubtful value, but instead it is a plain, simple preparation containing the identical ingredient in full five-grain doses of the wonderful phosphate discovered by the French scientist, Pelouze, and known to every physician in the world as the most desirable remedy for feeding the nerves and for building up wasted nerve force. It is sold by the Live and Let Live Drug Co. and by all good druggists everywhere and it has a wide and popular use by thousands of persons who have learned of its general benefits.

There are so few cases where old or young who felt the need of more nerve strength failed to benefit by the use of Bitro-Phosphate that the manufacturers guarantee to refund in full the purchase price in any case where they are informed that it has failed to benefit. It is simply a nerve food, not a nerve stimulant, and as such is entirely harmless and may be taken by very young children.—(Adv.)

Among those present at the opening of the final unit was John T. Fetherstone, vice-president of the air-nitrate corporation.

## GERMAN ENVOYS PROTEST

Paris, Nov. 27.—(Havas.)—German delegates at the mixed conference at Spa have protested against the rejection of their request that they be granted a delay of two weeks in evacuating Luxembourg, Lorraine and the Saar region. Gen. Nudant, one of the French conferees, stated that he considered this protest wholly groundless.

## FEAR RETURN OF FLU

Dr. Carl Grote Reports Twenty-two Cases in Huntsville and Madison County for Week.

Huntsville, Ala., Nov. 27.—(Special.)—Flu is again being feared in full force. Because of the rumors Dr. Carl Grote, county health officer, has issued a statement in which he reports twenty-two cases in the city for last week and 100 cases in the rural districts of Madison county. Sixty cases developed in one school (Oakwood), which the epidemic skipped during its first call. During last week there were three deaths in the city from influenza. It is not running into pneumonia as frequently as before and is gradually becoming less fatal.

Dr. Grote says this season will not be free of the disease for several months to come and talk of original restrictions is going the rounds.

A recurrence of the disease here is causing much concern, for nothing like it ever hit Huntsville before.

## GOT AWAY WITH SWAG

Saloonkeeper of Joliet Ill., Robbed of \$12,600 in Cash.

Chicago, Nov. 27.—The police of this city are today looking for four bandits who yesterday held up Andrew Husek, a saloonkeeper, at Joliet, while he was taking \$12,600 from the bank to cash workers' pay checks.

Having successfully robbed Husek, who was in an automobile, the men fled in another car, believed stolen, and were traced as far as Blue Island, on the outskirts of Chicago. Two suspects have already been arrested.

One per cent. discount on state and county taxes if paid during this month. J. W. CLIFT, County Trustee. (Adv.)

EDWARD A. ABBOTT,

725 Market Street

# NOTICE!

This Effects Every Man and Woman Who Pays Cash or Buys on Credit

¶ We knew our values, prices and differently located, modern store, out of the high rent zone, situated as it is in the big daylight corner of the new modern Volunteer Life Building at Georgia Avenue and Market House Square, was being appreciated and liberally patronized by old customers, new customers and the particular buying public, who are always alert and quick to find a desirable, profitable trading place.

¶ We are frankly expressing surprise, however, that any of our would-be competitors should allow themselves to holler out aloud, as one of them did in their last Friday's ads. They evidently didn't realize that their comment, when properly construed by shrewd shoppers to whom they wished to appeal, would be a boost for our new store and growing sales, rather than their own, and we appreciate the free advertising given us so much that we cannot help offering our most sincere thanks for their advertised disapproval of our sales and advertising methods.

¶ It is, in fact, positive admitted proof of the correctness of our methods and the advantages offered by our new store out of the high rent zone. We quote as follows from their ads of last Friday:

"Do not be misled by advertisements claiming low rent and other reasons for selling you merchandise at lower prices than other stores. We do not know of any firm that is willing to give you something for nothing. Our rent is just 10 per cent. of our total expense, so you can readily see rent cuts very little figure in our selling prices. Our only claim for your business is a square deal to all, which we strive to give. This is a one-price store—positively no reductions for cash. All our merchandise marked in plain figures. If we could afford to sell for less (as many credit stores do) we would reduce the price. After figuring cost of goods and expense of doing business, we add a reasonable profit. We do not charge extra for credit, therefore we have only one price."

¶ We also, like our would-be competitor, mark our goods in plain figures, but we allow cash buyers, as they claim, also credit customers, who pay in full within thirty days, special cash discounts averaging not over 10 per cent., and our values are enough better at our plain marked prices than others who sell on credit, that we can't afford to sell them at \$1.00 down or nothing down as they do. On the other hand we get one-third down on practically all credit sales and arrange terms on the balance, in proportion to the size of the purchase. This is the correct policy and will be continued by this store, and since everyone knows there is a difference in cash and credit prices and that there properly should be, our system offers everyone, either cash or credit buyers, advantages not to be had at other cash or credit stores. Figure it out for yourself, or come in at your convenience and we will be glad to talk it over with you and show you our values and prices without obligation on your part to buy.
